

Reverend KAT KNECHT

When you invite Kat Knecht to speak, you will give your community a fun and enlightening experience that inspires positive change in everyday lives.

Kat's specialty is combining spiritual principle with humor and stories that will stretch her audience to think in new and exciting ways.

Kat is available to speak at organizations, churches or events that are focused on positive thought and seeking a transformational message.

Kat draws from the inspiring stories in her book, *The Soul Search*, to teach how the power of love can overcome life's challenges. She tells the vulnerable truth about her own journey and teaches a spiritual practice that helps people find the truth in their own souls.

Kat is an ordained Interfaith Minister, Life Coach, Author and Speaker. She is the CEO of The Soulesearch where people learn to stay on the path of their hearts.

I began my career as a Spiritual Leader when I was 7 years old. Sitting in the field beside my house one day, I asked God why some people were so unhappy. A real voice answered (no kidding), "Your job on this earth is to teach people about love and how to have what they want in life".

From that day on, I have pursued this with a passion. From my original dream of becoming either a missionary or an actress, I have crafted a career that is grounded in Spirit.

As a spiritual leader, I teach, write, and perform on life's stage... and, as the voice predicted so long ago, I teach people about love and how to manifest from the heart.

“ Kat Knecht is a fabulous Truth student and minister who practices principle in her daily life. Kat is gifted with the talent to present Truth principles with simplicity, clarity and grace. Her positive energy and wonderful sense of humor create a winning presence. I cannot recommend Kat enough as one of your guest speakers. I guarantee that she will be one of the shining experiences at your church. ”
